Radiology

A MONTHLY JOURNAL DEVOTED TO CLINICAL RADIOLOGY AND ALLIED SCIENCES

Published by the Radiological Society of North America, Inc.

Index, January-December 1970

A

- A 1579 (sodium salt of iopanoic acid). See Cholecystography, contrast media
- ÅHRÉN, C. See ANGERVALL, L.
- AAKHUS, TRYGVE, and BERGAUST, BJØRN: Dacryocystography in obstruction of the lacrimal passages (ab), 95: 716, 1970
- AARO, LEONARD A., and STEWART, JAMES R.: Hysterosalpingography with image-intensified fluoroscopy (ab), 96: 486, 1970
- AASE, JON M. See MORGAN, BEVERLY C.
- ÅSTRAND, K., AHLBERG, N. E., BARTLEY, O., and CHIDDEKEL, N.: Roentgenologic determination of calcium concentration of skeletal bone with double-beam apparatus (ab), 96: 482, 1970
- ABBES, M., and JUILLARD, G.: Study of 27 lympho-venous communications observed by lymphography in man (ab), 94: 225, 1970
- ABBOTT, OSLER A. See MANSOUR, KAMAL A.
- ABDOMEN
- See also Ascites; Retroperitoneal Space; and under names of individual organs
- abscess
- acute nontuberculous psoas abscess: report of 10 cases and review of literature (ab), J. D. Hardcastle, 97: 484, 1970
 - tumbling bullet: sign of retroperitoneal abscess, Ernest Mittelholzer and John B. Shields, 97: 625, 1970
- blood supply. See Abdominal Angiography; other subheads
- calcification
- radiological significance of primary enterolithiasis, Alfred Brettner and Edwin J. Euphrat, 94: 283, 1970
- cysts
- lymphocyst: unusual cause of ureteral obstruction (ab), D. P. Griffith and C. E. Carlton, 97: 225, 1970
 - use of ultrasound in diagnosis of cystic lesions of liver and upper abdomen and in detection of ascites (ab), C. F. McCarthy et al, 96: 228, 1970
- echography
- development of diagnostic criteria in echographic study of abdominal lesions (ab), Atis K. Freimanis and W. Michael Asher, 97: 716, 1970
 - echographic diagnosis of pancreatic lesions: ultrasound scanning techniques and diagnostic findings, Roy A. Filly and Atis K. Freimanis, 96: 575, 1970
 - evaluation of ascites by ultrasound, Barry B. Goldberg, Gerald A. Goodman, and Harris R. Clearfield, 96: 15, 1970
 - two-dimensional pulsed echo detection of para-aortic lymph nodes (ab), B. Damascelli et al, 94: 222, 1970
 - use of ultrasound in diagnosis of cystic lesions of liver and upper abdomen and in detection of ascites (ab), C. F. McCarthy et al, 96: 228, 1970
- fibrosis
- idiopathic mediastinal fibrosis and retroperitoneal fibrosis (ab), R. Voog et al, 97: 466, 1970
 - retroperitoneal fibrosis (ab), J. Hywel Jones et al, 97: 228, 1970
 - retroperitoneal fibrosis: extraretroperitoneal lesions: report of 3 unusual areas of involvement (ab), Samuel L. Hissong and Atis K. Freimanis, 96: 729, 1970
- irradiation
- total abdominal irradiation using cobalt-60 moving strip technique (ab), Asa B. Friedman et al, 97: 238, 1970
- pain
- bizarre leiomyosarcoma of jejunum with alcohol-induced pain (ab), P. P. Toskes et al, 97: 475, 1970
 - weight loss, abdominal pain, anorexia, and persistent diarrhea (ab), Kurt J. Isselbacher and Austin L. Vickery, Jr., 94: 231, 1970
- radionuclide studies
- celiac scintiscintigraphy (ab), E. G. King and J. D. R. Miller, 95: 492, 1970
 - scanning with macroaggregates of human serum albumin in visceral arteriography (ab), Philip M. Johnson et al, 96: 242, 1970
- roentgenography
- use of pelvic pneumography in planning radiotherapy of endometrial carcinoma, Donn J. Brascho, 97: 113, 1970

tumors

- angiographic findings in pheochromocytoma of organs of Zuckerkindl, Ira J. Malter and P. Ruben Koehler, 97: 57, 1970
 - anomalous and parasitic arterial blood supply in abdomen, Francis F. Ruzicka, Jr., Plinio Rossi, Raymond M. Abrams, and Diane G. Tracht, 96: 261, 1970
 - anteriorly migrating abdominal aorta: sign of retroperitoneal tumor, Christian V. Cimmino, 94: 149, 1970
 - carbon dioxide contrast studies in retroperitoneal masses (ab), E. Everett Anderson and James F. Glenn, 94: 232, 1970
 - gonadal exposure of boys and young men treated with inverted "Y" fields: its reduction and genetic significance, Herbert L. Jackson, A. Curtis Hass, Donna Sooby, and Charles H. Marschke, 96: 181, 1970
 - new roentgenographic method of measuring retrogastric and retroduodenal spaces: statistical evaluation of reliability and diagnostic utility, G. Joseph Poole, 97: 71, 1970
 - radiation therapy in neuroblastoma (ab), P. M. Rissanen, 96: 733, 1970
 - renal pelvis appearances in nephro- and neuroblastomas: diagnostic value of true lateral projections (ab), Ole Eklöf and Erik Lundin, 94: 485, 1970
 - unusual abdominal mass in infant—case for diagnosis (ab), J. W. Snarr and R. I. Macpherson, 97: 473, 1970
 - ureteral deviation due to iliopectus hypertrophy (ab), Richard B. Levine et al, 96: 730, 1970
 - vascular studies of abdominal tumors in children (bk rev), G. Debrun and C. Gasquet, 97: 56, 1970
- wounds and injuries
- contrast examination of abdominal stab wounds, Jack W. Bowerman and Walter Smithwick, III, 97: 619, 1970
 - tumbling bullet: sign of retroperitoneal abscess, Ernest Mittelholzer and John B. Shields, 97: 625, 1970

ABDOMINAL ANGIOGRAPHY

- See also Angiocardiography; Aortography; under names of individual diseases, organs, and regions
- angiographic changes during digestion (ab), Allan Underquist et al, 95: 729, 1970
 - experimental studies of splanchnic circulation of rabbit after ligation of superior mesenteric artery. I. Angiographic and physiologic studies (ab), Frederick J. Bonte et al, 95: 472, 1970
 - radiographic position of spleen (ab), Louis Kreel and S. Mindel, 96: 488, 1970
 - scanning with macroaggregates of human serum albumin in visceral arteriography (ab), Philip M. Johnson et al, 96: 242, 1970
 - vascular studies of abdominal tumors in children (bk rev), G. Debrun and C. Gasquet, 97: 56, 1970
- complications
- angiographic demonstration of fistula between abdominal aorta and thoracic duct (ab), Loc Quang Nguyen and Julian R. Lewin, 96: 716, 1970
 - ischemic colitis caused by angiography (ab), Poul E. Andersen, 96: 230, 1970
 - physiologic response to superior mesenteric angiography, Stanley S. Siegelman, Allan Warren, Frank J. Veith, and Scott J. Boley, 96: 101, 1970
- contrast media
- physiologic response to superior mesenteric angiography, Stanley S. Siegelman, Allan Warren, Frank J. Veith, and Scott J. Boley, 96: 101, 1970
- indications
- angiographic alterations in hepatic amebic abscesses: study of 60 cases (ab), Miguel Stooen et al, 94: 728, 1970
 - angiographic demonstration of carcinoma of gallbladder, Raymond M. Abrams, Chien-Hsing Meng, Hossein Firooznia, Elliott R. Beranbaum, and Heywood Y. Epstein, 94: 277, 1970
 - angiographic demonstration of surgically important vascular variations (ab), Helen C. Redman and Stewart R. Reuter, 95: 230, 1970
 - angiographic evaluation of traumatic intrahepatic pseudoaneurysm and hemobilia, Monique C. Katz and Chien-Hsing Meng, 94: 95, 1970

- ABDOMINAL ANGIOGRAPHY, indications—cont.**
- angiographic study of pseudocysts of pancreas (ab), Whie-Rung Fu and Larry W. Stanton, 95: 723, 1970
 - angiography in reversible colonic ischemia, Stewart R. Reuter, Ira E. Kanter, and Helen C. Redman, 97: 371, 1970
 - angiography of hemorrhage (ab), Richard D. Kittredge et al, 95: 720, 1970
 - arteriography as adjunct to diagnosis of splenic injury (ab), Stanton G. Polin et al, 97: 484, 1970
 - arteriography in diagnosis of islet-cell tumors, R. K. Gray, J. Rösch, and J. H. Grollman, Jr., 97: 39, 1970
 - arteriography in diagnosis of large bowel bleeding, R. A. Clark and J. Rösch, 94: 83, 1970
 - celiac angiography in management of splenic trauma (ab), Dennis P. Thompson et al, 96: 237, 1970
 - clinical and roentgenographic diagnosis of hyperinsulinism (ab), K. H. van de Weyer et al, 96: 479, 1970
 - combined diagnostic approach of hepatic scanning and celiac angiography in investigation of liver disease (ab), Leonard M. Freeman et al, 96: 244, 1970
 - diagnosis of arterioenteric duodenal compression by means of hypotonic duodenography, angiography of mesenteric vessels and cineradiography (ab), H. Lenz and A. Dux, 97: 225, 1970
 - gastric angiography, Stewart R. Reuter, Helen C. Redman, William J. Miller, and Phillip A. Hoskins, 94: 271, 1970
 - localization of gastrointestinal hemorrhage by selective angiography (ab), Charles F. Frey et al, 97: 474, 1970
 - percutaneous selective arteriography in abdominal emergencies (ab), William H. Green et al, 96: 721, 1970
 - selective arteriography for gallbladder diseases: evaluation with reference to carcinoma of gallbladder (ab), Toshio Sato et al, 96: 478, 1970
 - selective arteriography in diagnosis of hemorrhage in gastrointestinal tract (ab), Stanley Baum et al, 94: 479, 1970
 - stress bleeding from mid-duodenum: often unrecognized source of gastrointestinal hemorrhage, Stanley Baum, Stephen Ward, and Morey Nusbaum, 95: 595, 1970
- technique**
- angiographic findings in pancreatitis (ab), Stewart R. Reuter et al, 95: 723, 1970
 - angiography of acute gastrointestinal bleeding: experimental procedures and clinical results (ab), W. Wenz et al, 94: 730, 1970
 - angiography of pancreas after injection of secretin and adrenalin (ab), M. Cen et al, 96: 721, 1970
 - arteriography of adrenal neoplasms (ab), Ralph J. Alfid et al, 95: 230, 1970
 - celiac angiography with adrenalin (possibilities of pharmacangiography in pancreatic diagnosis) (ab), M. Cen and G. Rosenbusch, 95: 220, 1970
 - contrast examination of abdominal stab wounds, Jack W. Bowerman and Walter Smithwick, 111, 97: 619, 1970
 - effect of secretin in celiac and superior mesenteric angiography (ab), Rolf Udén, 96: 478, 1970
 - electronic improvement of radiographs (ab), F.-J. Roth et al, 95: 736, 1970
 - epinephrine effect in angiography of colonic carcinoma: inconsistent aid in diagnosis (ab), William J. Miller et al, 94: 730, 1970
 - modification of pancreatic blood flow with balloon catheters: new approach to pancreatic angiography, Stewart R. Reuter, 95: 57, 1970
 - umbilical venous catheterization in newborn: identification of correct positioning, Melvin S. Rosen and Stanley B. Reich, 95: 335, 1970
- ABDULLAH, A. K.** See **TOMASHEFSKI, J. F.**
- ABELL, MURRAY R., LIMOND, RICHARD V., BLAMEY, WILLIAM E., and MARTEL, WILLIAM:** Allergic granulomatosis with massive gastric involvement (ab), 97: 714, 1970
- See **FELLOWS, KENNETH E., Jr.**
- ABELLERA, R. MARIO.** See **FRIEDMAN, ARNOLD B.**
- ABNORMALITIES AND DEFORMITIES**
- See also diseases, organs and regions, as Arthrogryposis Multiplex Congenita; Dwarfism; Mongolism; Spine, abnormalities; etc.
 - amniography for detection of congenital malformations (ab), John T. Queenan and Enrique C. Gadow, 97: 727, 1970
 - cervical hernia of lung: associated with cri du chat syndrome (ab), M. Douglas Cunningham and Earl R. Peters, 96: 238, 1970
 - congenital herniation of large bowel into pericardial cavity: survival into adulthood despite generalized connective tissue disorder (ab), Arthur J. Moss and David J. Harris, 94: 231, 1970
 - low birthweight dwarfism with asymmetry (Silver's syndrome): treatment with human growth hormone (ab), J. M. Tanner and T. J. Ham, 94: 481, 1970
 - severe growth disturbance with osteoid osteoma: report of 2 cases involving femoral neck, Peter E. Giustra and Robert H. Freiburger, 96: 285, 1970
- ABOUL-ENEIN, A.** See **SADEK, A. M.**
- ABRAHAM, J. M., and SNOODGRASS, G. J. A. I.:** Soto's syndrome of cerebral gigantism (ab), 94: 467, 1970
- See **LIBERMAN, M. M.**
- ABRAHAM, S.** See **MAZUMDAR, P.**
- ABRAMS, CYRIL A. L.** See **USON, AURELIO C.**
- ABRAMS, HERBERT L.:** Observations on the manpower shortage in radiology (ed), 96: 671, 1970
- and **ADAMS, DOUGLASS F.:** Coronary arteriogram: structural and functional aspects (ab), 96: 719, 1970
- ABRAMS, RAYMOND M., MENG, CHIEN-HSING, FIROOZ-NIA, HOSSEIN, BERANBAUM, ELLIOTT R., and EPSTEIN, HEYWOOD Y.:** Angiographic demonstration of carcinoma of the gallbladder, 94: 277, 1970
- See **RUZICKA, FRANCIS F., Jr.**
- ABRAMSON, NORMAN, and CAVANAUGH, P. J.:** Short-course radiation therapy in carcinoma of the lung, 96: 627, 1970
- ABSCCESS**
- See also under diseases, organs, and regions
 - complications of narcotic addiction, Raymond S. Kurtzman, 96: 23, 1970
 - amebic. See Liver, amebic abscess
 - retroperitoneal. See Retroperitoneal Space
 - subphrenic. See also Abdomen, abscess; Retroperitoneal Space
 - retropharyngeal extension of acute pancreatitis (ab), Bela Gondos and Thomas F. Sneed, 94: 226, 1970
 - spread and localization of acute intraperitoneal effusions, Morton A. Meyers, 95: 547, 1970
- ABSENT CERVICAL PEDICAL SYNDROME.** See Spine, abnormalities
- ABSTRACTS**
- form and substance (ed), William R. Eyler, 94: 206, 1970
- ACCELERATORS**
- Committee for Radiation Studies reports, 97: 582, 1970
- ACETABULUM**
- See also Hip
 - measurement of progression in protrusio acetabuli (ab), M. J. S. Hubbard, 95: 222, 1970
 - roentgenographic assessment of periacetabular bone (ab), T. M. Scheinin et al, 94: 232, 1970
- ACETO, HENRY, Jr., SPRINGSTEEN, ROBERT, GEE, W., WINCHELL, H. S., and TOBIAS, C. A.:** Erythropoietic response in dogs given sublethal whole-body proton irradiation followed by hypoxic hypoxia (ab), 95: 238, 1970
- ACETYLCHOLINE**
- effect of bradykinin and acetylcholine on renal circulation in hemorrhagic shock: experimental studies in dogs with cineradiography and electromagnetic flowmeter (ab), T. M. Scheinin et al, 97: 232, 1970
- ACHALASIA.** See Esophagus; Pharynx
- ACHONDROPLASIA.** See Dyschondroplasia
- ACID**
- diethylene triamine-pentaacetic. See Chelating Agents
 - β -3-dimethylaminoethylamine 2,4,6-triiodophenyl-propionic. See Cholecystography, contrast media
 - fatty
 - effect of x rays and ^{60}Co gamma rays on liver enzyme system responsible for fatty acid synthesis (ab), G. N. Catravas, 96: 739, 1970
 - hemogenetic
 - ochronotic arthropathy (ab), Lee C. Detenbeck et al, 97: 478, 1970
 - jobenzamine. See Cholecystography, contrast media
 - ipanoic. See Cholecystography, contrast media
 - ribonucleic. See Nucleins
- ACID-BASE BALANCE.** See Acidosis
- ACIDOSIS**
- acid-base balance in dog following x irradiation (ab), Tomas C. Welbourne and G. B. Spurr, 97: 493, 1970
- ACKERMAN, EUGENE.** See **MARUYAMA, YOSH.**
- ACKERMAN, LAUREN V.** See **BENNETT, DALE E.**
- ACROCEPHALOSYNDACTYLY.** See Acrocephaly
- ACROCEPHALY**
- dominant vertebral acrocephalosyndactyly (ab), H. Zippel and K.-H. Schüller, 94: 233, 1970
 - oxycephaly in adult simulating pituitary tumor: clinical and roentgenologic manifestations (ab), Laurence Grundy et al, 97: 705, 1970
- ACROMEGALY**
- heel pad thickness in acromegaly (ab), K. M. Kho et al, 97: 485, 1970
 - simple radiologic demonstration of cortical bone loss in thyrotoxicosis, H. Erik Meema and Douglas L. Schatz, 97: 9, 1970
 - Sotos' syndrome of cerebral gigantism (ab), J. M. Abraham and G. J. A. I. Snodgrass, 94: 467, 1970
- ACROPACHY.** See Fingers and Toes, clubbed
- ACTINOMYCIN D**
- effects of x radiation and actinomycin D on intestinal epithelium of dogs, Joseph P. Concannon, Roy E. Summers, Christine Cole, Carol Weil, Ursula Kopp, and Curtis P. Sigdestad, 97: 157, 1970
 - effects on renal function: x radiation combined with systemic actinomycin D (ab), Joseph P. Concannon et al, 97: 240, 1970
- ADAM, W.:** Determination of thrombocyte lift span with radioisotopes (ab), 96: 495, 1970
- ADAMS, DOUGLASS F.** See **ABRAMS, HERBERT L.**
- ADAMS, K.** See **CLARKE, P. R.**
- ADAMS, PETER, and BERRIDGE, F. R.:** Effects of kwashiorkor on cortical and trabecular bone (ab), 96: 724, 1970
- ADAMS, RAYMOND D., SCHOENE, WILLIAM C., and CASTLEMAN, BENJAMIN:** Cerebral lesion and pelvic mass (ab), 96: 488, 1970
- See **OJEMANN, R. G.**

ADATEPE, M. See **FRECH, R. S.**—See **POTCHEN, E. J.****ADELMAN, ALLAN G., McLOUGHLIN, MICHAEL J., MARQUIS, YVES, AUGER, PIERRE, and WIGLE, E. DOUGLAS:** Left ventricular cineangiographic observations in muscular subaortic stenosis (ab), 96: 222, 1970**ADENITIS.** See Lymph Nodes; Mesentery**ADENOIDS**

—heart failure due to enlarged tonsils and adenoids: cardio-respiratory syndrome of increased airway resistance (ab), Glen G. Cayler et al, 96: 218, 1970

—nasopharyngeal lymphoid tissue: roentgen observations in 257 children two years of age or less, Marie A. Capitanio and John A. Kirkpatrick, 96: 389, 1970

—pulmonary hypertension and congestive heart failure in children with chronic upper airway obstruction: new concepts of etiologic factors (ab), James W. Bland, Jr., et al, 95: 216, 1970

ADENOMA. See under individual organs and regions, as Mediastinum, tumors; Parathyroid, tumors; Stomach, tumors; Thyroid, tumors; etc.**ADENOMYOMA.** See Gallbladder, diverticula; Myoma**ADENOVIRUS.** See Pneumonia**ADHIKARI, P. K.** See **GOLD, R.****ADRENAL PREPARATIONS**

See also Adrenocortical Preparations

—angiography of pancreas after injection of secretin and adrenaline (ab), M. Cen et al, 96: 721, 1970

—celiac angiography with adrenalin (possibilities of pharmacangiography in pancreatic diagnosis) (ab), M. Cen and G. Rosenbusch, 95: 220, 1970

—contrast-vasoconstrictor mixtures in angiography (ab), Paul C. Kahn, 94: 224, 1970

—epinephrine effect in angiography of colonic carcinoma: inconsistent aid in diagnosis (ab), William J. Miller et al, 94: 730, 1970

—epinephrine effect in vascular pattern of renal lipoma, Paul N. Schield, 95: 657, 1970

—epinephrine-assisted renal venography in renal vein thrombosis: report of 2 adolescents with nephrotic syndrome. Correction (letter to ed), Michael T. Gyepes, 94: 426, 1970

—renal angiography: tumor size and invasiveness (ab), Joshua A. Becker et al, 97: 729, 1970

—renal carcinoma demonstrated by postepinephrine arteriography following normal selective arteriograms, Ronald A. Castellino, 97: 607, 1970

ADRENALIN. See Adrenal Preparations**ADRENALS**

See also Adrenal Preparations; Adrenocortical Preparations; Cushing Syndrome

calcification

—Wolman's disease: rare lipidosis with adrenal calcification (ab), W. C. Marshall et al, 94: 734, 1970

diseases

—roentgenographic manifestations of Cushing syndrome in infancy, Donald B. Darling, Liliane Lorian, and Boris Senior, 96: 503, 1970

excision

—effect of x-irradiation on polyribosome organization and RNA labeling in liver of normal and adrenalectomized rats (ab), Piero Cammarano et al, 95: 495, 1970

tumors

—arteriographic appearances of pheochromocytomas (ab), L. O. Lanner and M. Rosencrantz, 97: 235, 1970

—arteriography in infants and children: with emphasis on Seldinger technique and abdominal diseases (ab), Robert A. Nebesar et al, 94: 478, 1970

—arteriography of adrenal neoplasms (ab), Ralph J. Alfid et al, 95: 230, 1970

—association of pheochromocytoma and cerebellar hemangioblastoma (ab), Donald W. Nibelink et al, 94: 217, 1970

—extra-adrenal neuroblastoma: high radiocurability and diagnostic accuracy (ab), Lionel W. Young et al, 97: 238, 1970

—ganglioneuroblastoma: angiographic-histologic correlation (ab), Howard J. Mindell, Edward A. Kupic, 94: 487, 1970

—hibernoma masquerading as pheochromocytoma: case report, Charles J. Leiphart, Earl J. Nudelmann, 95: 659, 1970

—renal phlebography under renal venous blockade (ab), P. G. Zanoli et al, 95: 228, 1970

ADRENOCORTICAL PREPARATIONS

See also Adrenal Preparations; Adrenals

—hepatic hemangioendothelioma during infancy: pathology, diagnosis and treatment with prednisone (ab), Robert J. Touloukian, 97: 227, 1970

—modification of urethan-lung tumor incidence by low x-radiation doses, cortisone, and transfusion of isogenic lymphocytes (ab), Leonard J. Cole and William A. Foley, 95: 484, 1970

—radiologic contribution to aseptic necrosis of head of humerus and femur (ab), G. Canigiani and G. Fusch, 96: 231, 1970

—roentgen manifestations of pulmonary nocardiosis, Charles B. Grossman, David G. Bragg, and Donald Armstrong, 96: 325, 1970

AEROSOLS

—aerosol laryngography and bronchography (ab), T. H. Johnson, Jr., et al, 97: 733, 1970

—inhalation lung scanning evaluation—radioaerosol versus radioxenon techniques (ab), Elaine M. Shibel et al, 96: 246, 1970

AET (5,β-Aminoethylisothiuronium·Br·HBr)

—colony-forming units and survival of irradiated mice treated with AET or endotoxin (ab), E. J. Ainsworth and R. M. Larsen, 96: 496, 1970

—late effects of x irradiation in chemically protected mice: alteration of tumor incidence after AET treatment (ab), William E. Davis, Jr., et al, 97: 495, 1970

—radioprotective effect of chemical mixture in rats (ab), R. I. H. Wang and A. T. Hasegawa, 96: 240, 1970

AFTERLOADING. See Radiotherapy; Uterus, Cancer**AGAHAY, PABLO.** See **SIEGELMAN, STANLEY S.****AGAMMAGLOBULINEMIA.** See Gamma Globulin**AGANGLIONOSIS.** See Colon, dilatation**AGATI, G.** See **SANNAZZARI, G. L.****AGE AND AGING**

See also Old Age

—age at x irradiation and acute radiation mortality in adult male rat (ab), D. C. Jones et al, 95: 240, 1970

—age sensitivity of epithelial cells of mouse small intestine, Edward L. Gillette, H. Rodney Withers, and Ian F. Tan-nock, 96: 639, 1970

—continuing growth in sella turcica with age (ab), Harry Israel, 97: 699, 1970

—discographic-anatomical correlation of developmental changes with age in intervertebral disk (ab), St. A. Kieffer et al, 96: 726, 1970

—effect of age on iodine-131 metabolism and radiation sensitivity of rat thyroid (ab), Melvin R. Sikov, 94: 496, 1970

—effect of whole-body x irradiation on median life span of female dogs (beagles) (ab), A. C. Andersen and Leon S. Rosenblatt, 95: 239, 1970

—recovery and over-recovery from acute radiation injury as function of age in *Drosophila* (ab), R. C. Baxter and H. A. Blair, 95: 496, 1970

—residual radiation injury: hematopoietic and gastrointestinal involvement in relation to age (ab), John M. Yuhass et al, 94: 745, 1970

—resorption of postoperative pneumoperitoneum in children (ab), Fred Svartholm and Nicolaus Zwetnow, 96: 480, 1970

premature

—Werner's syndrome (ab), Robert S. Rosen et al, 97: 478, 1970

AGEE, O. F., MUSELLA, R., and TWEED, C. G.: Aneurysm of the great vein of Galen: report of two cases (ab), 95: 713, 1970**AGNEW, J. E., MCCARTHY, D. M., MELMED, R. N., and BOUCHIER, I. A. HYDROCEPHALUS
 —abnormal isotope cisternography in symptomatic occult hydrocephalus: correlative isotopic-neuroradiological study in 130 subjects, E. Raph Heinz, David O. Davis, and Herbert R. Karp, 95: 109, 1970
 —amplitude-averaged echoencephalography: scope and limitations (ab), D. Naldrett White, 96: 709, 1970
 —angiographic diagnosis of hydrocephalus in newborn (ab), Anthony J. Raimondi, 96: 214, 1970
 —aseptic meningitis following intrathecal injection of radioiodinated serum albumin, Robert K. Oldham and Edward V. Staab, 97: 317, 1970
 —atrophy of lateral ventricle (ab), Ralph B. Cloward, 96: 465, 1970
 —backward displacement of upper part of basilar artery in infantile hydrocephalus (ab), E. La Torre et al, 95: 710, 1970
 —block of arachnoid villus by subarachnoid hemorrhage (ab), Eric Ellington and George Margolis, 94: 719, 1970
 —cerebral blood flow in occult hydrocephalus studied with angiography and xenon-133 clearance method (ab), T. Greitz, 95: 739, 1970
 —cerebrospinal fluid scanning and ventricular shunts, Philip Martin, David A. Goodwin, and Gerald L. DeNardo, 94: 435, 1970
 —congenital communicating hydrocephalus with elevation of transverse and confluent sinuses: case report, Carl M. Mansfield and Chan Park, 95: 585, 1970
 —diagnostic study of suspected hydrocephalus (ab), Robert L. McLaurin, 94: 467, 1970
 —evaluation of photoscanning of diffusion of intrathecal RISA in infantile and childhood hydrocephalus (ab), David C. McCullough and Alfred J. Luessenhop, 94: 738, 1970
 —experimental hydrocephalus produced by subarachnoid infusion of silicone oil (ab), Henry Wisniewski et al, 95: 210, 1970
 —experimental virus-induced hydrocephalus: relation to pathogenesis of Arnold-Chiari malformation (ab), George Margolis and Lawrence Kilham, 95: 209, 1970
 —extra-ventricular (communicating) hydrocephalus: some observations on midline ventricles (ab), T. El Gammal, 94: 714, 1970
 —further experience with syndrome of "normal" pressure hydrocephalus (ab), R. G. Ojemann et al, 95: 710, 1970
 —hydrocephalus (ab), Jack A. Brucher and James H. Salmon, 97: 704, 1970
 —isolated unilateral hydrocephalus following ventriculoatrial shunt (ab), James H. Salmon, 97: 462, 1970
 —isotope cisternography and ventriculography (ab), George J. Alker, Jr., and Eugene V. Leslie, 96: 493, 1970
 —neurological and intellectual sequelae of hydrocephalus (ab), K. M. Laurence, 94: 217, 1970
 —new radiopharmaceutical for cisternography: chelated ytterbium 169, Henry N. Wagner, Jr., Fazle Hosain, Frank H. DeLand, and Prantika Som, 95: 121, 1970
 —occult hydrocephalus due to ectasia of basilar artery (ab), T. Greitz et al, 96: 465, 1970
 —positive contrast (Conray 60) serial ventriculography in normal and hydrocephalic infant (ab), Anthony J. Raimondi et al, 94: 714, 1970
 —post-traumatic hydrocephalus and its management (ab), E. Zander, 96: 466, 1970
 —pre- and postoperative evaluation of cerebral blood flow in low-pressure hydrocephalus (ab), Torgny V. B. Greitz et al, 96: 708, 1970
 —primary amenorrhea secondary to noncommunicating hydrocephalus: case report (ab), Chong-Sang Kim et al, 94: 714, 1970
 —radioisotope cisternography in post-traumatic hydrocephalus: contribution to study of pathologic dynamics of cerebrospinal fluid (CSF) (ab), T. Martini and R. Oberson, 96: 493, 1970
 —radiological diagnosis of occult normal-pressure hydrocephalus, Marjorie LeMay and Paul F. J. New, 96: 347, 1970
 —rare angiographic findings in cerebral vascular insufficiency (ab), O. Eschbach and K. J. Zülch, 96: 708, 1970
 —some observations on deep cerebral phlebogram in hydrocephalus due to supra- or subtentorial space-occupying lesions (ab), F. Galligioni et al, 96: 466, 1970
 —subdural hematoma after treatment of chronic hydrocephalus by ventriculocecal shunts (ab), R. D. Illingworth, 97: 461, 1970
 —symposium on radioisotope cisternography and hydrocephalus, 96: 110, 1970
 —width of temporal horn in differential diagnosis between pressure hydrocephalus and hydrocephalus ex vacuo (ab), Ottar Sjaastad et al, 96: 215, 1970
HYDROMA. See **Meninges, cysts**
HYDROMYELIA. See **Spinal Cord**
HYDRONEPHROSIS
 —angiographic evaluation of renal artery in newborn (ab), Herbert J. Kaufman et al, 97: 482, 1970
 —aortography in experimental renal failure: evaluation of contrast media toxicity, Patrick C. Walsh, Ruben F. Gittes, and James W. Lecky, 97: 33, 1970
 —circumcaval ureter: new classification (ab), Eric M. Bateson and David Atkinson, 94: 237, 1970
 —giant hydronephrosis in children (ab), Aurelio C. Uson et al, 95: 733, 1970
 —milk of calcium and parietal scales in hydronephrosis (ab), R. W. Kropholler, 95: 480, 1970
 —nephrolithiasis connected with hydronephrosis of crossed renal ectopia (ab), Max Eichwald and Lynn E. Wolfe, 97: 232, 1970
 —peripelvic extravasation in chronic ureteral obstruction by reticulum-cell sarcoma, David N. Bramwit, Leonard S. Rosen, and Daniel S. Cukier, 96: 421, 1970
 —perirenal P sign: new roentgenogram index to cause and treatment of urinary ascites in babies (ab), Karl Thord Dockray, 97: 482, 1970
 —renal disease revealed during investigation of renal trauma (ab), Brian V. Clegg, 95: 732, 1970
HYDROPS. See **Gallbladder, mucocele**
5-HYDROXYTRYPTAMINE
 —radioprotective effect of chemical mixture in rats (ab), R. I. H. Wang and A. T. Hasegawa, 96: 240, 1970
HYDROXYUREA
 —age sensitivity of epithelial cells of mouse small intestine, Edward L. Gillette, H. Rodney Withers, and Ian F. Tan-nock, 96: 639, 1970
HYGROMA
 subdural. See **Meninges, cysts**
HYNES, D. M., VEREL, D., MOORE, R. D., and BATES, P. F.: Assessment of a technique for coronary arteriography using 70 mm film (ab), 96: 221, 1970
HYPERCALCEMIA. See **Blood, calcium**
HYPERINSULINISM. See **Pancreas, tumors**
HYPEROSTOSIS
 infantile cortical
 —Caffey's syndrome: some unusual ocular manifestations (ab), James Galyean and William O. Robertson, 97: 212, 1970

INFANTS—cont.**cardiovascular system**

- arteriography in infants and children: with emphasis on Seldinger technique and abdominal diseases (ab), Robert A. Nebesar et al, 94: 476, 1970
- congenital absence of pulmonary valve: report of 8 cases with review of literature (ab), Mazloum Z. Osman et al, 94: 475, 1970
- coronary sinus enlargement in infants: diagnostic note, Kenneth E. Fellows, Jr., Joan Sigmann, Aaron M. Stern, and Joseph J. Bookstein, 94: 347, 1970
- hepatic portal venous gas in infants without subsequent death, T. J. Swaim and Barry Gerald, 94: 343, 1970
- Kerley B lines in total anomalous pulmonary venous connection below diaphragm (type III) (ab), Arvin E. Robinson et al, 96: 225, 1970
- pulmonary regurgitation with ventricular septal defect and pulmonary stenosis: tetralogy of Fallot variant (ab), Robert E. Durnin et al, 94: 474, 1970
- severe mitral insufficiency in early infancy: associated with anomalous origin of left coronary artery from pulmonary artery (ab), Thomas P. Graham, Jr., et al, 95: 214, 1970

central nervous system

- calcification of basal ganglia in infancy (ab), R. I. MacPherson et al, 95: 710, 1970
- easy technique for cerebral angiography in infants and children (ab), G. J. Harrington and A. Cameron, 95: 463, 1970
- heterotopic gray matter, Charles F. Mueller, 94: 357, 1970
- infantile cerebral aneurysm associated with ophthalmoplegia and quadriplegia (ab), Richard A. Thompson and H. F. W. Pribram, 95: 463, 1970
- intracranial encephalocles and gliomas (ab), Fred M. H. Ziter, Jr., and David N. Bramwit, 97: 462, 1970
- positive contrast (Conray 60) serial ventriculography in normal and hydrocephalic infant (ab), Anthony J. Raimondi et al, 94: 714, 1970
- skull erosion complicating traumatic porencephaly in infancy (ab), Hugh J. Williams, 94: 468, 1970
- skull size and ventricular dilatation in subdural hygroma in infants (ab), S. Cronqvist and H. O. Efsing, 97: 217, 1970

digestive system

- appendicitis in infancy (ab), Robert H. Bartlett et al, 96: 723, 1970
- diagnosis of appendicitis in infancy: value of abdominal radiographs (ab), Robert H. Wilkinson et al, 96: 228, 1970
- duodenal atresia with gas below the obstruction (ab), R. Astley, 94: 480, 1970
- gastric cyst of mediastinum: distinct clinicopathological entity (ab), Arun K. Chitale, 95: 213, 1970
- intramural intestinal gas in infants: report of 2 cases (ab), James L. Fenton et al, 96: 723, 1970
- meconium ileus relieved by 40% water soluble contrast enemas, Robert S. Frech, William H. McAlister, Jessie Ternberg, and Donald Strominger, 94: 341, 1970
- midgut malrotation and volvulus: which films are most helpful? Walter E. Berdon, David H. Baker, Sherman Bull, and Thomas V. Santulli, 96: 375, 1970
- renal tubular necrosis and papillary necrosis after gastroenteritis in infants (ab), A. R. Chrispin et al, 97: 482, 1970

musculoskeletal system

- abnormal muscle cylinder ratio in idiopathic infantile hypercalcemia: new roentgen sign (ab), C. H. (Joseph) Chang et al, 97: 725, 1970
- Caffey's syndrome: some unusual ocular manifestations (ab), James Galyean and William O. Robertson, 97: 212, 1970
- congenital iliac anomaly with sciatic palsy, Patrick D. Lester and William H. McAlister, 96: 367, 1970
- cortical hyperostosis in infants: radiological study of 16 patients (ab), Elizabeth Padfield and Peter Hicken, 97: 719, 1970
- effects of kwashiorkor on cortical and trabecular bone (ab), Peter Adams and F. R. Berridge, 96: 724, 1970
- recovery from epiphyseal invagination: sequel to unusual complication of scurvy (ab), Frederic N. Silverman, 97: 724, 1970
- roentgenographic manifestations of Cushing syndrome in infancy, Donald B. Darling, Liliane Lorian, and Boris Senior, 96: 503, 1970

ophthalmology

- Caffey's syndrome: some unusual ocular manifestations (ab), James Galyean and William O. Robertson, 97: 212, 1970

respiratory tract.

- See also Lungs; Respiratory Distress Syndrome
- angiographic contribution to determination of etiology of some pulmonary cysts of infancy (ab), Jean J. Vanhoutte and Kenneth E. Miller, 97: 709, 1970
- cervical hernia of lung: associated with cri du chat syndrome (ab), M. Douglas Cunningham and Earl R. Peters, 96: 238, 1970
- nasopharyngeal lymphoid tissue: roentgen observations in 257 children two years of age or less, Marie A. Capitanio and John A. Kirkpatrick, 96: 389, 1970
- neonatal respiratory distress from suffocating pneumothorax secondary to esophageal perforation (ab), Cl. Béraud et al, 95: 469, 1970

- pneumatocele formation following hydrocarbon ingestion (ab), John B. Campbell, 97: 711, 1970
- simultaneous frontal and lateral chest roentgenograms on low birth weight infants (ab), Herman Grossman et al, 97: 709, 1970

urinary tract

- effects of angiography on renal function and histology in infants and piglets (ab), Alan B. Gruskin et al, 97: 234, 1970
- hemorrhagic renal necrosis in infancy: relationship to radiopaque compounds (ab), Enid F. Gilbert et al, 97: 233, 1970
- perirenal P sign: new roentgenogram index to cause and treatment of urinary ascites in babies (ab), Karl Thord Dockray, 97: 482, 1970
- relationship of infantile vesicoureteric reflux to renal damage (ab), G. L. Rolleston et al, 97: 482, 1970
- renal tubular necrosis and papillary necrosis after gastroenteritis in infants (ab), A. R. Chrispin et al, 97: 482, 1970

weight

- simultaneous frontal and lateral chest roentgenograms on low birth weight infants (ab), Herman Grossman et al, 97: 709, 1970

INFANTS, NEWBORN

See also Children; Infants; Infants, Premature; and under diseases and organs, as Heart, abnormalities; Meconium; Respiratory Distress Syndrome

- roentgenologic features of hemoperitoneum in newborn (ab), Sidney Cywes and Bryan J. Cremin, 94: 478, 1970
- thanatophoric dwarfism (ab), Theodore E. Keats et al, 97: 718, 1970

- ultrastructure of pulmonary lymphatic capillaries of newborn rabbits and of human infants (ab), J. M. Lauweryns and L. Boussauw, 95: 721, 1970

cardiovascular system.

- See also Heart, abnormalities
- perforation of colon after exchange transfusion in newborn (ab), Arnold B. Friedman et al, 97: 717, 1970
- umbilical venous catheterization in newborn: identification of correct positioning, Melvin S. Rosen and Stanley B. Reich, 95: 335, 1970
- unexpected location of umbilical vein catheters at radiography (ab), G. Weissenbacher and H. W. Hayek, 94: 725, 1970

central nervous system

- angiographic diagnosis of hydrocephalus in newborn (ab), Anthony J. Raimondi, 96: 214, 1970
- effects of chronic hypoxia on neonatal and infantile brain: (neuropathological study of 5 premature infants with respiratory distress syndrome treated by prolonged artificial ventilation) (ab), Michael M. Brand and Amico Bignami, 94: 213, 1970
- intracranial air in depressed newborn following fetal scalp puncture during obstetrical nerve block anesthesia (ab), Maribeth Sayre et al, 97: 216, 1970
- massive calcification of brain in newborn infant (ab), D. C. Harwood-Nash et al, 97: 699, 1970

digestive system

- gas in intestinal wall and portal venous system in infants (ab), M. Miskin and B. J. Reilly, 95: 474, 1970
- hazard of barium enema studies in infants with small bowel atresia, J. J. Wolfson and H. Williams, 95: 341, 1970
- neonatal Boerhaave's syndrome, S. Harell, Gerald W. Friedland, William J. Daily, and Roy B. Cohn, 95: 665, 1970
- perforation of colon after exchange transfusion in newborn (ab), Arnold B. Friedman et al, 97: 717, 1970

musculoskeletal system

- bilateral symmetrical pseudarthrosis in newborn, S. B. Berkshire, Jr., E. N. Maxwell, and B. F. Sams, 97: 389, 1970
- evolution of persistently enlarged parietal foramina, James Murphy and Charles A. Gooding, 97: 391, 1970
- rubella-like bone changes in congenital cytomegalic inclusion disease, C. Benjamin Graham, Alan Thal, and Charles S. Wassum, 94: 39, 1970

respiratory tract.

- See also Lungs, abnormalities; Respiratory Distress Syndrome
- dystrophic thoraces and infantile asphyxia, Elaine Kohler and Donald P. Babbitt, 94: 55, 1970
- fluid-filled lung due to airway obstruction in newborn (ab), N. Thorne Grisco et al, 95: 717, 1970
- nasal and cervical airway in sleep in neonatal period (ab), G. M. Ardran and F. H. Kemp, 97: 705, 1970

roentgenography

- simple device for infant warming during radiography, Donald E. Newman and Andrew K. Poznanski, 97: 439, 1970

urinary tract

- angiographic evaluation of renal artery in newborn (ab), Herbert J. Kaufman et al, 97: 482, 1970
- congenital urinary tract obstruction presenting with ascites at birth: roentgenographic diagnosis, John C. Leonidas, Elliot Leiter, and Donald Gribetz, 96: 111, 1970
- neonatal ascites: perirenal urinary extravasation with bladder outlet obstruction (ab), Robert A. Garrett and E. A. Franken, Jr., 96: 486, 1970
- renal papillary and cortical necrosis in newborn infant: report of survivor with roentgenologic documentation (ab), S. Michael Mauer and M. Bernadette Nogrady, 94: 485, 1970

INTESTINES, effects of irradiation —cont.

- relative biological effectiveness of fast neutrons for intestinal damage, Shirley Hornsey, 97: 649, 1970
- surgical aspects of radiation enteritis (ab), S. Arthur Localio et al, 96: 738, 1970
- intubation**. See **Fistula**
- gangrene**
 - ischemic colitis with gangrene, Wallace T. Miller, John Scott, Ernest F. Rosato, Francis E. Rosato, and Harte Crow, 94: 291, 1970
- hematoma**
 - intramural hematoma of sigmoid (ab), Leonid Calenoff and Frankin Lounsbury, 95: 728, 1970
- hemorrhage**
 - erosion of small intestine with hemorrhage following aortic resection: roentgen findings (ab), Elmer Ng and Lawrence R. Cooperman, 97: 228, 1970
 - lymphoid hyperplasia of colon, Edmund A. Franken, Jr., 94: 329, 1970
 - lymphoid hyperplasia of colon in children: roentgen observations, Marie A. Capitanio and John A. Kirkpatrick, 94: 323, 1970
- hernia**. See **Hernia**
- infarction**
 - ischemic colitis caused by angiography (ab), Poul E. Andersen, 96: 230, 1970
 - roentgenographic spectrum of bowel infarction, Frederick S. Tomchik, Jack Wittenberg, and Leslie W. Ottinger, 96: 249, 1970
- inflammation**. See **Intestines, diseases**
- intubation**
 - intubation with telescoping of small bowel, Charles L. Rennell, 97: 89, 1970
 - wire guide and technique for Cantor tube insertion: rapid small bowel intubation (ab), E. Nicholas Sargent and Harvey I. Meyers, 95: 728, 1970
- lymphoid hyperplasia**. See **Colon, tumors**
- malrotation**. See **Intestines, volvulus**
- motility**
 - effect of metoclopramide upon gastric motility and its value in barium progress meals (ab), F. H. Howarth et al, 95: 221, 1970
 - new method for studying gut transit times using radiopaque markers (ab), J. M. Hinton et al, 96: 229, 1970
- mucosa**. See **Intestines, effects of irradiation; Intestines, tumors**
- necrosis**
 - intramural intestinal gas in infants: report of 2 cases (ab), James L. Fenton et al, 96: 723, 1970
 - ischemic dilatation of colon (ab), Ernest F. Rosato et al, 96: 722, 1970
- obstruction**. See also **Intestines, volvulus; Intussusception**
 - acute superior mesenteric artery syndrome, Howard J. Mindel and J. Lorimer Holm, 94: 299, 1970
 - acute superior mesenteric artery syndrome in severely burned patient, Robert G. Wallace and William B. Howard, 94: 307, 1970
 - duodenal atresia with gas below the obstruction (ab), R. Astley, 94: 480, 1970
 - internal hernia through mesentery of Meckel's diverticulum, Murray K. Dalinka, James F. Wunder, and Richard D. Wolfe, 95: 39, 1970
 - Ladd's bands in older children, adolescents, and adults, Gerald W. Friedland, Robert Mason, and G. Joseph Poole, 95: 363, 1970
 - meconium ileus and its complications: re-appraisal of plain film roentgen diagnostic criteria (ab), John C. Leonidas et al, 97: 715, 1970
 - meconium ileus relieved by 40% water-soluble contrast enemas, Robert S. Frech, William H. McAllister, Jessie Ternberg, and Donald Strominger, 94: 341, 1970
 - radiologic signs of meconium peritonitis (ab), J. Sauvgrain and H. Supelano-Guevara, 97: 714, 1970
 - radiological significance of primary enterolithiasis, Alfred Brettnier and Edwin J. Euphrat, 94: 283, 1970
 - rectal calculus, Richard Thompson and William F. Barry, Jr., 96: 411, 1970
 - roentgen significance of phrenicoceolic ligament, Morton A. Meyers, 95: 539, 1970
 - sciatic hernia: report of 3 cases including 2 with bilateral ureteral involvement (ab), Edmund A. Franken, Jr., and Everett E. Smith, 96: 731, 1970
 - spinal ileus (ab), D. F. L. Watkin, 97: 475, 1970
- pathology**
 - multiple inflammatory polyps of small intestine with cachexia and protein-losing enteropathy, Robert N. Berk, Jeffrey L. Rush, and Edward C. Elson, 95: 611, 1970
 - roentgen diagnosis of retractile mesenteritis (ab), Arthur R. Clemett and Diane G. Tracht, 97: 723, 1970
 - roentgenologic-pathologic correlation in malabsorption syndromes (ab), Robert G. Isbell et al, 95: 728, 1970
- perforation**. See also **Peptic Ulcer, perforation**
 - erosion of small intestine with hemorrhage following aortic resection: roentgen findings (ab), Elmer Ng and Lawrence R. Cooperman, 97: 228, 1970
 - perforation of colon after exchange transfusion in newborn (ab), Arnold B. Friedman et al, 97: 717, 1970
 - radiologic signs of meconium peritonitis (ab), J. Sauvgrain and H. Supelano-Guevara, 97: 714, 1970
- physiology**. See also **Intestines, motility**
 - radiological findings in protein-losing gastroenteropathy (ab), L. Werbeloff et al, 95: 475, 1970

reflux

- complete reflux of small bowel in total colon Hirschsprung's disease, Neal W. Chandler and Gerald T. Zwirn, 94: 335, 1970
- roentgenography**. See also other subheads under **Intestines**
 - barium sulfate in small bowel examinations (ab), Roscoe E. Miller, 94: 231, 1970
 - colonic preparation: controlled trial of Dulcolax, Dulcolax and Senokot DX (ab), D. C. Sanders and F. W. Wright, 97: 718, 1970
 - current state of radiologic technique in examination of colon: survey (ab), Alexander R. Margulis and Henry I. Goldberg, 94: 230, 1970
 - double contrast examination of colon with 70-mm camera as compared with large-film technique (ab), W. Sinner and M. Jereb, 96: 722, 1970
 - effect of radiophonic emissions on radiographic image of digestive tract in child (ab), R. Kowalski, 96: 228, 1970
 - hazard of barium enema studies in infants with small bowel atresia, J. J. Wolfson and H. Williams, 95: 341, 1970
 - new projection for demonstrating sigmoid colon (ab), Robert C. Brown and William N. Cohen, 97: 475, 1970
 - pseudoabnormal liver scans secondary to residual barium in bowel (ab), E. Quitman Seymour et al, 96: 241, 1970
 - radiology of small intestine (bk rev), Richard H. Marshak and Arthur E. Lindner, 97: 360, 1970
 - reflux examination of small bowel (ab), Roscoe E. Miller, 94: 231, 1970
 - residual contrast medium in intestines and side-effects during cholecystography: comparison between some contrast media in current use (Biloptin and Osbil) and new medium (A 1579) (ab), Sven Eriksson and Georg-Fredrik Saltzman, 97: 226, 1970
 - single-phase double-contrast enema: technique suitable for average department (ab), H. T. Apsimon, 97: 718, 1970
 - study of certain important factors in preparation for barium enema (ab), P. Beeckman, 95: 728, 1970
 - technique of colonoscopy examination, H. Joachim Burhenne, 97: 183, 1970
 - use of cholecystokinin in radiology (ab), Vidar Backlund, 97: 471, 1970
 - use of oral metoclopramide in barium meal and follow-through examination (ab), Louis Kreel, 96: 724, 1970
 - use of semisolid contrast medium in defecography, A. K. Poznanski, 97: 82, 1970
- stenosis**
 - reversible right colonic strictures in chronic ulcerative colitis, Marvin Kolodny, 97: 83, 1970
- surgery**
 - roentgenologic evaluation of supraventricular permanent urinary diversion in childhood (ileal and colonic conduit) (ab), M. Bernadette Nogrady et al, 94: 733, 1970
- tuberculosis**
 - malabsorption and subtotal villous atrophy secondary to pulmonary and intestinal tuberculosis (ab), W. P. Fung et al, 97: 473, 1970
- tumors**. See also **Colon, tumors; Duodenum, tumors**
 - angiography of acute gastrointestinal bleeding: experimental procedures and clinical results (ab), W. Wenz et al, 94: 730, 1970
 - bizarre leiomyoblastoma of jejunum with alcohol-induced pain (ab), P. P. Toskes et al, 97: 475, 1970
 - eosinophilic enteritis: report of case without gastric involvement, Murray K. Dalinka and Charles J. Masters, 96: 543, 1970

 - bronchopulmonary arterial communications in pulmonary atresia with ventricular septal defect (ab), Helen Starke et al, 96: 219, 1970
 - complete transposition of great vessels—re-evaluation of so-called "typical configuration" on plain films of chest (ab), M. B. Nogrady and J. S. Dunbar, 94: 724, 1970
 - congenital corrected transposition of great vessels without cardiac anomalies (ab), Arthur J. Moss et al, 96: 717, 1970
 - corrected transposition of great vessels on roentgenogram (ab), M. Thelen et al, 94: 222, 1970
 - displacement and compression of pulmonary artery by aneurysms of ascending aorta (ab), G. F. Garusi and E. Donati, 97: 222, 1970
 - double-outlet left ventricle with intact ventricular septum: clinical and autopsy diagnosis with developmental implications (ab), Milton H. Paul et al, 97: 223, 1970
 - esophagography in anomalies of aortic arch system (bk rev), A. C. Klinkhamer, 94: 568, 1970
 - homozygosity for achondroplasia? Report of possible case, with congenital heart disease and severe mental deficit (ab), Beverly C. Morgan et al, 97: 229, 1970
 - mitral-semilunar valve relationships in angiography of cardiac malformations, Franz J. Hallermann, Owings W. Kincaid, Donald G. Ritter, and Jack L. Titus, 94: 63, 1970
 - pulmonary arteriovenous fistula: diagnosis and prognosis in noncomplainant patients (ab), H. Sluiter-Bringa et al, 95: 467, 1970
 - severe mitral insufficiency in early infancy: associated with anomalous origin of left coronary artery from pulmonary artery (ab), Thomas P. Graham, Jr., et al, 95: 214, 1970
 - subpulmonic obstruction in complete (d) transposition produced by redundant tricuspid tissue (ab), Thomas A. Riemenschneider et al, 94: 723, 1970
 - surgery of coronary artery disease (ab), George W. Westlake, 95: 470, 1970
 - transposition complexes and other cardiovascular malalignments (ab), Harris Jackson, 96: 221, 1970
 - tricuspid atresia, transposition and coarctation of aorta, Michael T. Gyepes, Bertrand A. Marciano, and Donald T. Desilets, 97: 633, 1970

RADIATIONS—cont.

- report to International Executive Committee of Twelfth International Congress of Radiology from International Commission on Radiation Units and Measurements (ICRU) (ed), Lauriston S. Taylor, 95: 451, 1970
- seminar on radiation quantities, 95: 148, 1970
- exposure in diagnostic procedures.** See Radiations, Injurious
- Effects, as result of diagnostic procedures; Roentgen Rays, diagnosis; under individual radionuclides; etc.
- high-energy.** See Electrons; Protons
- protective and therapeutic agents**
 - calculations of absorbed dose in phantom from photon fluence and some applications to radiological protection (ab), J. M. Sidwell et al, 95: 238, 1970
 - colony-forming units and survival of irradiated mice treated with AET or endotoxin (ab), E. J. Ainsworth and R. M. Larsen, 96: 496, 1970
 - dose-reducing fluoroscopy system: dose measurements and clinical evaluation, Sven Dorph, Thorkild Mygind, Allan Northeved, Bent Okholm, K. Olaf Petersen, and Adam Oigaard, 97: 399, 1970
 - double shielding for radium operations, E. Pantoja, 97: 376, 1970
 - effect of aluminum phosphate gel on radiostrontium absorption in man (ab), Herta Spencer et al, 94: 494, 1970
 - effect of radiation-sensitizing agents in radiation therapy of mouse mammary carcinoma, Herman D. Suit, Roger Hewitt, and Muneyasu Urano, 94: 189, 1970
 - fundamentals of radiation protection (bk rev), Hugh F. Henry, 96: 416, 1970
 - gonadal exposure of boys and young men treated with inverted "Y" fields: its reduction and genetic significance, Herbert L. Jackson, A. Curtis Hass, Donna Sooby, and Charles H. Marschke, 96: 181, 1970
 - late effects of x irradiation in chemically protected mice: alteration of tumor incidence after AET treatment (ab), William E. Davis, Jr., et al, 97: 495, 1970
 - marrow infusions in dogs given midlethal or lethal irradiation (ab), E. D. Thomas et al, 97: 242, 1970
 - mechanisms of protection against gastrointestinal and hematopoietic radiation lethality by parabiosis (ab), H. W. Carroll and D. J. Kimeldorf, 95: 744, 1970
 - modification of radiation injury in blood, bone marrow, and spleen by long-term postirradiation hypoxic hypothermia (ab), M. Praslicka et al, 96: 740, 1970
 - oophorectomy: means of preserving ovarian function following pelvic megavoltage radiotherapy for Hodgkin's disease, Gordon R. Ray, H. Ward Trueblood, Lee P. Enright, Henry S. Kaplan, and Thomas S. Nelsen, 96: 175, 1970
 - radiation dose to critical organs during petrous tomography, Frederic K. Chin, William B. Anderson, and James D. Gilbertson, 94: 623, 1970
 - radiation protection of vital organs, using a selective arterial catheter: experimental and clinical aspects (ab), Richard J. Steckel et al, 95: 494, 1970
 - radioprotective effect of chemical mixture in rats (ab), R. L. H. Wang and A. T. Hasegawa, 96: 240, 1970
 - reduction of radiostrontium uptake in rat (ab), Joan A. Friedland et al, 94: 495, 1970
 - repopulation of irradiated bone marrow by infusion of stored autologous marrow, Arthur J. Gerdes and Rainer Storb, 94: 441, 1970
 - rescue of supralesally x-irradiated amoebae with non-irradiated cytoplasm (ab), Edward W. Daniels and Evelyn P. Breyer, 97: 495, 1970
 - residual radiation injury: hematopoietic and gastrointestinal involvement in relation to age (ab), John M. Yuhas et al, 94: 745, 1970
 - review of radiosensitivity of tissues in bone (bk rev), International Commission on Radiological Protection, 94: 390, 1970
 - wasted x-rays (ed), John L. McClenahan, 96: 453, 1970
- RADIATIONS, INJURIOUS EFFECTS**
 - See also under specific agents, organs, and regions
 - clinical radiation pathology, Vols. I and II (bk rev), Philip Rubin and George W. Casarett, 95: 197, 1970
 - irradiation effect on wound healing in rats (ab), R. R. Archer et al, 97: 247, 1970
 - retention of radium in man (ab), J. H. Marshall et al, 95: 493, 1970
- accidental**
 - chromosomal aberrations in radiation accident: dosimetric and hematological aspects (ab), G. J. Schneider et al, 96: 739, 1970
- aging and longevity**
 - effect of whole-body x irradiation on median life span of female dogs (beagle) (ab), A. C. Andersen and Leon S. Rosenblatt, 95: 239, 1970
- as result of atomic bombing**
 - roentgenologic observations of lung carcinoma in the ABCC-JNIH adult health study, 1950-1968, Hiroshima-Nagasaki, Hajime Nakata, Keiichi Matsuura, and Walter J. Russell, 95: 623, 1970
- as result of diagnostic procedures**
 - coarctation of aorta and other late sequelae of administration of thorium dioxide (Thorotrast) (ab), Gurdarshan S. Thind et al, 97: 235, 1970
 - evaluation of roentgen exposure in mammography. Part II. Four views, James D. Gilbertson, Mitchell G. Randall, and Aaron G. Fingerhut, 97: 641, 1970
 - in vivo radiation dosimetry: review of 12-year experience, Bernard Roswit, Stanley J. Malsky, Cyprian B. Reid, Charles G. Amato, and Robert Goebels, 97: 413, 1970
 - measurement of plasma volume using ^{99m}Tc and ^{125}I labeled proteins (ab), Parvathi Hosain et al, 95: 487, 1970
 - radiation dose to critical organs during petrous tomography, Frederic K. Chin, William B. Anderson, and James D. Gilbertson, 94: 623, 1970
 - radiation hazards from diagnostic radiology: repeat survey over small area (ab), Jennifer C. Matthews and H. Miller, 96: 739, 1970
 - radiological exposure during cardiologic examination of newborn (ab), C. J. M. Jansweijer, 97: 742, 1970
 - x-ray exposure of children with urinary tract infection (ab), H. Fendel and Christa Hartmann, 94: 734, 1970
- bone marrow**
 - bone marrow depression in pelvis after megavoltage irradiation for ovarian cancer: study with radioisotope scanning (ab), O. Kjellgren and L. Jonsson, 96: 495, 1970
 - modification of radiation injury in blood, bone marrow, and spleen by long-term postirradiation hypoxic hypothermia (ab), M. Praslicka et al, 96: 740, 1970
- cardiovascular**
 - aortic arch syndrome secondary to radiation in childhood (ab), Marvin Rotman et al, 95: 237, 1970
 - coarctation of aorta and other late sequelae of administration of thorium dioxide (Thorotrast) (ab), Gurdarshan S. Thind et al, 97: 235, 1970
 - electrocardiographic study of cardiac damage following irradiation of canine hearts (ab), A. Takaoka, 94: 744, 1970
 - therapeutic irradiation of chest and electrocardiographic changes (ab), S. Biran et al, 96: 247, 1970
- complications of radiotherapy**
 - aortic arch syndrome secondary to radiation in childhood (ab), Marvin Rotman et al, 95: 237, 1970
 - bilateral radiation pneumonitis, complication of radiotherapy of bronchogenic carcinoma (report and analysis of 7 cases with autopsy) (ab), Dale E. Bennett et al, 94: 743, 1970
 - bone marrow depression in pelvis after megavoltage irradiation for ovarian cancer: study with radioisotope scanning (ab), O. Kjellgren and L. Jonsson, 96: 495, 1970
 - breast neoplasms in women treated with x rays for acute postpartum mastitis: pilot study (ab), Fred A. Mettler, Jr., et al, 96: 246, 1970
 - calcification of basal ganglia following radiation therapy (ab), D. C. F. Harwood-Nash and B. J. Reilly, 97: 492, 1970
 - cellular changes in conjunctiva after strontium 90 treatment for pterygium (ab), Eddy C. K. Tong et al, 95: 495, 1970
 - clinical and radiographic aspects of radiation osteitis, David G. Bragg, Homayoon Shidnia, Florence C. H. Chu, and Norman L. Higinbotham, 97: 103, 1970
 - delayed radiation necrosis of hypothalamus: report of case simulating recurrent craniopharyngioma (ab), Nitya R. Chatak and Barry E. White, 96: 496, 1970
 - dual radiation-induced cancers (ab), J. Papillon et al, 96: 247, 1970
 - EEG effects of postoperative irradiation treatment of brain tumors (ab), C. H. Hakansson et al, 95: 494, 1970
 - effect of radiation on lung and bronchial tree (ab), S. F. Boushy et al, 97: 492, 1970
 - electron-beam technique and skin reaction of postoperative irradiation of axilla and supraclavicular nodes in breast carcinoma, F. R. Khan, J. F. Bohorquez, J. Ovadia, and J. T. Nickson, 95: 417, 1970
 - gastric ulceration following cobalt teletherapy: estimation of tolerance dose (ab), B. Sylven et al, 94: 743, 1970
 - hypothyroidism after treatment with sodium iodide ^{131}I : incidence and relationship to antithyroid antibodies, long-acting thyroid stimulator (LATS), and infiltrative ophthalmopathy (ab), Gerald Burke and Gerald E. Silverstein, 96: 735, 1970
 - influence of radical teletherapy on human eye (ab), Hans-Günther Claus et al, 94: 480, 1970
 - intracavitary irradiation of carcinoma of cervix uteri, using linear distribution of sources, Edward I. Holodny, William P. Kowalsky, Jean M. Barsa, B. Sischy, and Joseph Newall, 97: 127, 1970
- irradiation of liver in children: review of experience in acute and chronic phases, and in intact normal and partially resected (ab), M. Tefft et al, 97: 492, 1970
- late consequences of early skin reactions, Florence C. H. Chu, Arvin S. Glicksman, and James J. Nickson, 94: 669, 1970
- late effects of artificial menopause by x radiation (ab), Diana Brinkley and J. L. Haybittle, 95: 237, 1970
- late results of fractionated radioiodine therapy: follow-up studies of hyperthyroidism after 2 to 11 years (ab), D. Reinwein et al, 94: 495, 1970
- late results of ^{131}I treatment of hyperthyroidism in 73 children and adolescents: 1967 follow-up (ab), Paul Starr et al, 95: 738, 1970
- late results of radium treatment for benign uterine hemorrhage (ab), Robert J. Dickson, 95: 495, 1970
- lipid embolism to brain following lymphography: case report and experimental study (ab), J. W. Davidson, 94: 225, 1970
- microscopic dose distribution from ^{131}I in toxic thyroid gland and its relation to therapy (ab), F. C. Gillespie et al, 96: 737, 1970

RADIATIONS, INJURIOUS EFFECTS, complications of radiotherapy—cont.

- morphologic and clinical symptoms of radiation pneumonitis (ab), A. Gregel, 96: 247, 1970
- natural history and management of radiation-induced injury of gastrointestinal tract (ab), J. J. DeCosse et al, 95: 743, 1970
- para-aortic lymph node irradiation in cervical carcinoma, Allen B. Silberstein, Bernard S. Aron, and Leslie L. Alexander, 95: 181, 1970
- postirradiation sarcoma, including 5 cases after x-ray therapy of breast carcinoma, Philip M. Hatfield and Milford D. Schulz, 96: 593, 1970
- problems of radiation dosimetry in endolymphatic therapy with radioactive isotopes (ab), P. Pfannenstiel et al, 96: 492, 1970
- prognostic importance of intracavitary radium arrangement in treatment of carcinoma of uterine cervix, Antonio Bosch, Victor A. Marcial, and Zenaida Frías, 95: 175, 1970
- progressive myelopathy due to radiation (ab), Peter Coy et al, 94: 744, 1970
- radiation myelitis in carcinoma of nasopharynx (ab), B. C. Tan and T. H. Khor, 95: 237, 1970
- radiation-induced skin cancer of head and neck (ab), Hayes Martin et al, 97: 246, 1970
- renal atrophy without hypertension following abdominal irradiation in infants and children (ab), Robert Sagerman et al, 94: 743, 1970
- retreatment of persistent and recurrent carcinoma of cervix with irradiation, Thomas K. Jones, Jr., Seymour H. Levitt, and E. Richard King, 95: 167, 1970
- serum amylase as measure of salivary gland radiation damage: hyperamylasemia following fractionated exposure to 4 MV x rays delivered in high pressure oxygen, and effects of certain steroids on this response (ab), H. A. S. van den Brenk et al, 96: 246, 1970
- significant factors in red cell mass changes after fractionated local radiotherapy (ab), S. H. Levitt et al, 94: 744, 1970
- skeletal changes following irradiation of childhood tumors (ab), Harold Katzman et al, 95: 237, 1970
- therapeutic irradiation of chest and electrocardiographic changes (ab), S. Biran et al, 96: 247, 1970
- thyroid cancer following ¹³¹I therapy of hyperthyroidism (ab), John B. Lima et al, 96: 738, 1970
- ureteral strictures following therapy for carcinoma of cervix (ab), Hugh M. Shingleton et al, 95: 229, 1970
